

Reviewing and Analyzing My Results

Concept 1: Integers

Directions:

- Please look at your corrected test and mark whether each problem is right or wrong.
- Then look at the problems you got wrong and decide what kind of mistake it was.

Problem	Learning Target	Right	Wrong	Math Mistake	Process Mistake	Silly Mistake
1	Adding					
2	Subtracting					
3	Dividing					
4	Multiplying					
5	Subtracting					
6	Dividing					
7	Adding					
8	Subtracting					
9	Dividing					
10	Adding (Word Problem)					

My Strengths

To identify your areas of strength, write down the learning targets for the problems you felt confident in **and** got right.

My Highest Priority for Studying

To determine what you need to study most, write down the learning targets for problems you marked "Process Mistakes."

What I Need to Review:

To determine what you need to review, write down the learning targets for problems you were unsure of but may have gotten correct and for problems on which you made silly mistakes or math mistakes.
