Name: _____

Unit 3: Ratios and Proportional Relationships

LT 10: Finding Rates
- I can write a rate and solve for equivalent rates including the unit rate..
- I can compare unit rates to determine the better deal.

LT 11: Proportions
- I can write proportions by finding corresponding relationships.
- I can determine if rates are proportional.
- I can find missing measures to create a proportional relationship

LT 12: Slope
- I can explain the definition of slope
- I can identify the slope from graphs and tables.
- I can use the slope to determine if relationships have direct variation.

My ratio of Facebook friends to real friends is a healthy 100 to 1.
