### Integer Operations – Mixed Practice

- When adding two integers, if the signs are the same, you \_\_\_\_\_ them.
- When adding two integers, if the signs are different, you \_\_\_\_\_ them.
- When subtracting two integers, a great strategy to use is to change subtraction into \_\_\_\_\_, by \_\_\_\_\_.
- When multiplying or dividing integers, if the signs are the same, the answer will be \_\_\_\_\_.
- When multiplying or dividing integers, if the signs are different, the answer will be \_\_\_\_\_.
